Neon Tropics

Encounter the bold and lively spirit of a tropical paradise with Neon Tropics. This eccentric and eclectic grouping of art visualizes the excitement of exotic islands. Taking cue from elements of the lush foliage and botanical atmospheres, the color palette exudes brightly saturated greens, prismatic purples, vivid blues all contrasted with a graphic and punchy black for ultramodern appeal. With a unified blend of dimensionally layered acrylic and carefully selected canvases, Neon Tropics offers fiery options for outstanding interiors.
