TASK LIGHTING

TASK LIGHTING

TL-1555WH/1500WH

TL-1555WH: DC Type, USB Charging Port
TL-1500WH: AC Type

Flexible gooseneck for easy directing of light with rotating phone holder and USB charging port.
TL-1555 series offer organized & productive workspace.

3 Step Touch Dimming System (TL-1555WH)
Flexible gooseneck for directing anywhere needed
Anti-glaring LED light defusing filter
Full 360° adjustable Smart Phone Holder
USB Charging Port (TL-1555WH)

	TL-1555WH	TL-1500WH
Power	9W	7W
Light Output (Max)	700 Lumens	700 Lumens
Color Accuracy (CRI)	84	84
Light Color (CCT)	5700K / 3500K	5700K / 3500K
Dimension	L105 × W105 × H300 mm	L105 × W105 × H300 mm
Function	Phone Holder+USB Charger	Phone Holder

LED Desk Lamp

TL-1777WH/1700WH

TL-1777W: DC Type, USB Charging Port
TL-1700W: AC Type

Flexible positioning with rotating phone holder and USB charging port. TL-1777 series offer organized & productive workspace.

3 Step Touch Dimming System (TL-1777WH)
Flexible positioning
Anti-glaring LED light defusing filter
Full 360° adjustable Smart Phone Holder
USB Charging Port (TL-1777WH)

	TL-1777WH	TL-1700WH
Power	9W	7W
Light Output (Max)	700 Lumens	700 Lumens
Color Accuracy (CRI)	84	84
Light Color (CCT)	5700K / 3500K	5700K / 3500K
Dimension	L137 × W106 × H380 mm	L137 × W106 × H380 mm
Function	Phone Holder+USB Charger	Phone Holder

TLC-M08RD/YL/GN/WH

TLC-M08 offers design for the trend with colorful variation, with 3 step dimming, 3 step color temperature, adjustable phone holder and USB charging port. TLC-M08 brings greater user satisfaction with function and mechanic design.

3 Step Color Temperature Adjustability
3 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Full Ergonomic Adjustability
USB Charging Port

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L100× W130 × H420 mm
Function	Phone Holder+USB Charger

PATENT REGISTED

TLC-3800WH
TLC-3800BK

TLC-3800 has tray on base to keep small things with various function, 3 step dimming, 3 step color temperature and USB charging port. This pratical design lamp brings improvement of worker productivity.

3 Step Color Temperature Adjustability
3 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Full Ergonomic Adjustability
USB Charging Port

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L190 × W190 × H450 mm
Function	Phone Holder+USB Charger

TLC-9000

Broad light head of TL-9000 offers bright lighting in wide range and long flexible arm allows to be directed anywhere needed.

More Bright, More Wide

PATENT REGISTED

3 Step Color Temperature Adjustability
3 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
Flexible Arm
Timer

Power	20W
Light Output (Max)	1500 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L820 × W446 × H606 mm

TLC-9000C (Clamp Type)

TLC-9000B (Base Type)

TLC-4300BK
TLC-4400WH

With an all-new highly intuitive touch control interface, TLC-4000 series allows the user to select the desired color temperature, maximizing the personal lighting control to any work environment.

3 Step Color Temperature Adjustability
3 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Full Ergonomic Adjustability
Night Light Mode

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L160 × W200 × H465 mm

TL-4100WH
TL-4200GR

Prism TL-4000 series is our most popular LED desk lamp that has been qualified for commercial energy star & recognized for Next Generation Luminaires Design Competiton.

3 Step Touch Dimming System
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
Full Ergonomic Adjustability
Night Light Mode

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L200 × W200 × H465 mm

TL-4300GR
TL-4400WH

Prism TL-4000 series is our most popular LED desk lamp that has been qualified for commercial energy star & recognized for Next Generation Luminaires Design Competiton.

3 Step Touch Dimming System
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
Full Ergonomic Adjustability
Night Light Mode

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L160 × W200 × H465 mm

Next Generation LUMINAIRES

TLC-8200WH
TLC-8200GR

Natural daylighting can be complimented by Prism's color changing TlC-8200 with simple classic knob control. More individual lighting control brings greater user satisfaction, which in turn could improve the worker productivity.

3 Step Color Temperature Adjustability
Volume Illumination Adjustment
Energy Efficient LED Light Engine
Full Ergonomic Adjustability
Night Light Mode

Power	9.5W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 6500K
Dimension	L208 × W208 × H571 mm

TL-6500WH
TL-6500BK

The unique concept of circular light source & base is designed to trigger creativity & inspiration in the work environment.

3 Step Touch Dimming System
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
Minimalist Ergonomic Adjustability
LEED Credit Eligible

Power	11W
Light Output (Max)	850 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L233 × W200 × H465 mm

PATENT REGISTED

TLC-7000WH
TLC-7000BK

Fulfilling the desires of design professionals, TLC-7000 delivers uniform illumination to larger task areas with true to life color rendering.

3 Step Color Temperature Adjustability
3 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Full Ergonomic Adjustability
Night Light Mode

Power	9.5 W
Light Output (Max)	730 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L230 × W230 × H590 mm

TL-100/110WH/BK/PN

TL-100: LED MR16 LAMP TYPE
TL-110: LED Module Type

The Flexible adjustability of TL-100 offers spot lighing of an art piece, up lighting as an ambient light source & task light for any workstations.

Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
LEED Credit Eligible
Night Light Mode
USB Charging Port

Power	5W
Light Output (Max)	380 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L200 × W200 × H309 mm

TASK LIGHTING with **Furniture**

CLC-7000

CLC-7000 slide rail on the light moves front and back to light the most wanted area on the desk so that student can focus on the reading.

3 Step Color Temperature Adjustability
5 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
LEED Credit Eligible

Power	20W
Light Output (Max)	1550 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L832 × W51 × H27.8 mm

Light with slide rails make to keep good posture

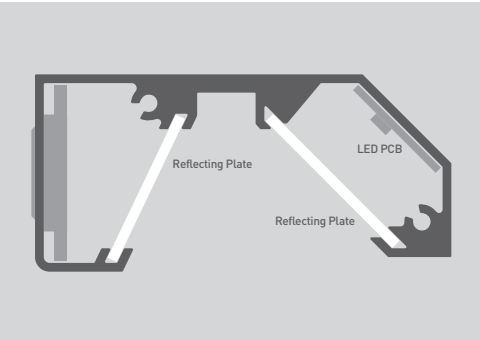

PATENT REGISTED

PATENT REGISTED

CLC-6000

CLC-6000 spots to front side of desk by unique light angle technology that makes ideal study atmosphere.

3 Step Color Temperature Adjustability
5 Step Dimmable (each color temperature)
Energy Efficient LED Light Engine
Uniform, glare-free, non-flickering illumination
LEED Credit Eligible

Power	20W
Light Output (Max)	1550 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	2700K ~ 4500K ~ 6500K
Dimension	L1160 × W57 × H27 mm

Reflecting Plate

Reflecting Plate

on the Monitor

on the Keyboard

CL-4100/CL-4200 Monitor & Keyboard Lamp

Monitor lights specialized light for monitor which save space on desk. Adjustable head for ideal light positioning.
Keyboard light is space efficient light for keyboard & book reading.

3 Step Touch Dimming System
Angle adjustability for maximum flexibility
Anti-glaring LED light defusing filter

TL-4100

Power	10W
Light Output (Max)	1000 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L570 × W200 × H143 mm

TL-4200

Power	3.5W
Light Output (Max)	350 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L420 × W100 × H116 mm

CL-1100/CL-2100/CL-3100 BK/SL

CL Series has been created to compliment the Task-ambient lighting strategy, which seeks to create enegry saving by lowering the ambient light level while optimizing the task lighting applications.

One Touch Control Interface
Uniform, glare-free, non-flickering illumination
Energy Efficient LED Light Engine
LEED Credit Eligible

PATENT REGISTED

Power	7W
Light Output (Max)	540 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L365 × W38 × H15 mm

CL-1100

Power	9.6W
Light Output (Max)	740 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L513 × W38 × H15 mm

CL-2100

Power	12W
Light Output (Max)	920 Lumens
Color Accuracy (CRI)	84
Light Color (CCT)	5700K / 3500K
Dimension	L631 × W38 × H15 mm
